Front-end-leaning full-stack developer with 3+ years of professional experience building React/Next.js applications. Recently led a Redux→Zustand state migration and helped stand up a new, well-structured web app at Otonomos in a small, fast-moving team that leverages AI for faster scaffolding, refactors, and documentation. Strong in clean, feature-oriented file architecture, collaborative workflows, and delivering accessible, responsive UI.

SKILLS

Front-End: React, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS, Material UI

State: Zustand, Redux (legacy)

Back-End / DB: Node.js, Ruby on Rails, PostgreSQL, Firebase

Design/CMS: Figma, WordPress, Wix

Practices: Git/GitHub, code reviews, agile, responsive & accessible UI, REST APIs
